

BASCD Summer Scientific Meeting 2022

**Build Back Better: Inclusion,
Integration and Innovation
BASCD 2022**

Thursday 9th - Friday 10th June 2022
200 SVS, Glasgow

Introduction

Welcome to the BASCD Summer Scientific Meeting at 200 SVS, Glasgow. This is our first in-person conference since 2019. In November 2021, Glasgow became the UK's first city to achieve EarthCheck Benchmarked Community status.

The conference theme is 'Build Back Better: Inclusion, Integration and Innovation'. To help us set the scene, we are delighted to have the keynote address from Professor Maggie Rae, President of the Faculty of Public Health (FPH).

BASCD is now in partnership with FPH who act as the special interest group for oral health. This year is the 50th anniversary of FPH, and BASCD has arranged a special celebration during the presidential dinner at Merchants House. The social programme includes a bagpiper, highland dancing, Chinese dancing, and a ceilidh.

If you are on social media, remember to use the conference hashtag [#BASCD2022](#).

A handwritten signature in black ink that reads "A Yeung". The signature is stylized with a long horizontal stroke at the bottom.

Albert Yeung
BASCD President-Elect

Aims:

To build back from COVID-19 pandemic and improve oral health of communities through the effective use of data, evidence-based prevention strategies, leadership, advocacy, partnerships, and contribute to reducing oral health inequalities.

Objectives:

- Identify emerging trends in academic publishing
- Describe the implementation of the Equality, Diversity and Inclusion within Dentistry report
- Understand dental contract reform across the UK
- Appraise various innovative prevention programmes involving the dental team

Learning content:

This conference is intended to address the impact of COVID-19 pandemic on oral health and dental services through inclusion, integration and innovation.

Development outcomes:

This CPD event meets the criteria for the General Dental Council's development outcomes **A, B, C and D**.
